What is the “Focusing on the Issues” Program?

Planning staff conducts on-site workshops to assist neighborhood groups in developing strategies to address current issues through the following programs:

- ✓ **Goals and Strategies Reports** - This program enables neighborhood groups to identify commonly agreed upon goals, to prioritize them, and to create strategies to build a *livable* community. The report serves as a “blue print” of what communities can do for themselves to improve their neighborhood.
- ✓ **Special Studies and Project Specific Plans** - This program addresses critical neighborhood issues. Neighborhoods can focus on the development around a particular intersection, along key corridors, or adjacent to a major project. *North St. Mary’s/Josephine District: Revitalization Ideas Report* and *Castroville Road Corridor Special Study* are examples of special studies reports.

Who can apply?

A group of residents, neighborhood associations, and community organizations are eligible to apply for the Focusing on the Issues Program.

Groups receive the services of a neighborhood planner who addresses inquiries related to organizational development and provides resources for capacity building. Program resources include:

- ✓ **Neighborhood Association and Community Organization Registration**
- ✓ **Directory of Neighborhood Associations and Community Organizations**
- ✓ **Neighborhood Leadership Training**
